The compounding nature of water and fragility gives rise to a vicious cycle. Policies addressing the quality of education should be accompanied by policies fighting all kind of discrimination, exclusion and marginalisation; policies aiming to support youth organisations; new ways of communication; and debating techniques.

MENA is among the lowest ranked regions in terms of quality of education, leading to a vicious cycle. Education systems need to contribute to expand civic engagement among young people. The good news is that actions can be taken to prevent water scarcity and instability from becoming a vicious cycle, by focusing on sustainable, efficient and equitable water resources management and service delivery.

Are existing safety nets protecting the poor? About a third in these countries Brazil, Colombia, and Jamaica were able to scale up programs and benefits quickly during the -09 food, fuel, and financial crisis with good results World Bank The Arab Spring has brought the need for social inclusion and a new contract between states and citizens to the forefront.
