I suggest three changes: better-funded local police forces, more trials to locally selected juries, and more vaguely defined crimes to give those juries opportunities to exercise judgment. A crowd had gathered outside and when someone pointed out to the officers who had been involved in the beating, Reese and the other black men began to run away from the restaurant. Most detectives alter how they blend these two approaches depending on the extremely variable circumstances found in each particular crime and with each particular suspect.

Social stereotypes and information processing strategies: The impact of SPD utilizes technology such as vehicle license plate readers, predictive policing software see above vehicle mobile data computers, dashboard cameras, facial-recognition software, and other technology as it becomes available. There is a

perception that a lack of uniformity exists in prosecutorial decision-making regarding criminal cases involving minority persons.

The loud blast is meant to cause temporary loss of hearing, and also disturbst
