Belief in monsters was common throughout the pre-modern world, and continues, as Dendle, Foster, and Weinstock demonstrate, today. Among my favorites is the Flatwoods Monster, another West Virginian cryptid who presented a look that left the three schoolchildren and one teacher who saw her gagged for life.

A whole professional field is dedicated to these search and research of cryptids. The first accounts of its victims--often goats, chickens, horses, and cows--were reported in the 1950s by farmers who found animals drained of blood with several large puncture marks. Several hundred recorded sightings typically describe the beast as an angular black sea monster measuring about 50 feet in length.

The Deweygo, mortal enemy of the Snallygaster is said to be a large hairy dog-like creature. In the Mothman fandom have come to think of him as a mascot for the absurd, the misunderstood, and the queer.
