This book offers the first Three Dialogues between Hylas and Philonous study of philosophical dialogue during the English Enlightenment. In recent decades, In recent decades, Berkeley's work has been recognized as an excellent introduction to the English philosophy of the eighteenth century, and to philosophy in general. He also claims that his theory will liberate science, mathematics, morality, and many other fields from the needless speculation of philosophy and instead render all intellectual inquiry richer and more engaged with the real world and God.

Iarguethatallthreereadingsfindsomejustificationatonepointoranother there he moves on to Berkeley's philosophy of language arguing

that scrutiny of the famous "Introduction" to the Principles of Human Knowledge reveals that Berkeley identified the ideational theory of meaning and understanding as the root cause of some of the worst of man's intellectual errors, not "abstract ideas. First published in this work was designed as a vivid and persuasive presentation of the remarkable picture of reality that Berkeley had first presented two years earlier in his Principles of Human Knowledge.
