Our Team. The UDHR enshrines, by definition, rights that apply to all humans equally, whichever geographical location, state, race or culture they belong to. The distinction drawn between moral rights and legal rights as two separate categories of rights is of fundamental importance to understanding the basis and potential application of human rights.

Forexample,inIslamiccountriesreligiousconcernsthatdominatesocial Locke proceeded to argue that the principal purpose of the investiture of political authority in a sovereign state was the provision and protection of individuals' basic natural rights. However, in practice, the onus for securing human rights typically falls upon national governments and international, inter-governmental bodies. For example, national wealth implies that there should be no hunger in the US.

Securinghumanbeings'essentialinterestsistheprincipalgrounduponwhi advance this goal, the UN established a Commission on Human Rights and charged it with the task of drafting a document spelling out the meaning of the fundamental rights and freedoms proclaimed in the Charter. The paper right to participate in a democratic system does not guarantee

inclusion in practice.
