It is so immense that is very difficult to imagine the distances involved, even between the objects in our local neighbourhood, the Solar System. Anne McCaffrey. Therefore, they truly can be called Crystal Individuals. Fiascoboo64rateditreallylikeditDec15, Sagan was also a vocal advocate of the controversial notion of testosterone poisoningStar Child: The Cosmic Birth in that human males could become gripped by an "unusually severe [case of] testosterone poisoning" and this could compel them to become genocidal. The Phoenix Force is one of the oldest known cosmic entitiesrepresenting life that has not yet been born, as well as the forces of creation and destruction. Sagan attended the University of Chicagowhich was one of the few colleges he applied to that would consider admitting a year-old, despite

his excellent high-school grades.
